Old World Wisconsin

The weather was hot but the atmosphere was warm and welcoming. The Wakesha Eagle diamonds and the Milwaukee Cream Citys provided numerous photo opportunities of 1860's baseball. After the game, there was ample time to tour the traditional fram settings of the museum.

Our guest, Nancy Greifenhagen, sends her regards to the club: "Many thanks to Charles for the opportunity to be part of your camera club on June 25, 2005 at Old World Wisconsin. Although the heat was extreme for both the photographers and the baseball players, it was a fantastic opportunity to practice our photography skills as well as take a step back in time. Photographing action and the unpredictability of the players and the "apple" made for wonderful suspense and challenge of photography that we all love. From young and old, you could see the excitement of the years gone by being replayed down to the details as the gentlemanly players asked permission from the ladies of the crowd to toll up their sleeves to help with the exhausting heat of the day. The Eagle Diamonds overtook the Cream Citys, but who was expecting such a beautiful occasion. I think we were all winners and I am glad for the opportunity to have been part of it. May our photos show our gratitude and appreciation of those continuing this most American icon.

Many thanks to Nancy for attending with us. I look forward to seeing her shots, and shyly presenting my own. Nancy also supplied examples of her "Model Release Form" which I can distribute at the next meeting.
